About the buildings, security and cover required

To get a quotation from us, your client is agreeing to the following declaration:

The buildings are in a good state of repair and occupied solely by the Proposer.

The building is constructed entirely of incombustible material (including linings and ceilings) with an incombustible pitched roof (standard construction). **Please refer with full details of construction, if property not of standard construction, for terms.**

Stock and materials in trade and goods for which you have accepted responsibility will not be kept in any basement area(s)

Records of stock, sales and purchases will be kept and balanced at least once every twelve months

The ways, works, machinery and plant will be properly fenced and guarded and otherwise maintained in good order and condition, and all inspections of lifting apparatus, boilers and steam pressure vessels will be carried out in compliance with statutory requirements.

There are no processes which might cause pollution or contamination.

The client has not entered into any wider contractual liabilities than they would have under common law.

No radioactive substances or other sources of ionising radiations, explosives or other dangerous substances will be used

No director, partner or employee (whether in this business or a previous one) has suffered loss, destruction or damage, made a claim, or had a claim made against them during the last three years for any risk to be insured under the following sections of cover.

No director, partner or employee has ever been declared bankrupt or insolvent.

No director, partner or employee has ever been charged or convicted of arson or any offence relating to dishonesty.

For full theft cover to apply, the following physical security conditions must be adhered to:

The building is protected by at minimum a bells only intruder alarm and maintained under a twelve months contract. **Please refer if this security cannot be adhered to.**

The final exit door is fitted with a 5 lever mortice deadlock or a rimlock or closed shackle padlock and padbar conforming to BS3621.

All other external doors (unless fitted with above) are fitted with key operated bolts top and bottom to each leaf in addition to any existing locks.

All accessible windows are fitted with key operated locks.

Supplementary Liability Information:

Please indicate how many persons are involved in the business. A split between clerical and non-clerical is required. Please include full time and part time. Part time staff count as one, irrespective of hours worked.

Clerical Persons Non-Clerical Persons
